ANTIOCH, ILLINOIS, THURSDAY, FEBRUARY 1, 1951

FIRST IN RESULTS TO ADVERTISERS

NUMBER 27

Severe Cold Weather Grips Antioch Area; Mercury Drops to -23

Frozen Water Pipes, Stalled Cars, Frozen Ears, and Discomfort Occur

After having suffered one of the coldest Decembers in many decades, Antioch like the rest of Northern Illinois was hit this week with sub-zero weather that went to 23 degrees, according to government instruments read by Co-operative Observer Roy Kufalk.

The mercury dropped to 16 below on Monday and then on Tuesday morning sank to the 23-degree record. Some privately owned thermometers were said to have gone as low as 30 below.

Kufalk's government instrument registered the same as the government thermometer in Waukegan. Many property owners experienced frozen water pipes, and it was a common sight to see cars pulled or pushed in the process of getting them started.

Nothing but cold weather is in sight for this weekend.

The mercury only got above freezing on 13 days of the month and the warmest was 41 on Jan. 19. During the last 10 days the temperature only rose above freezing once and that was to 35 for a few hours on Jan. 23.

The precipitation for the month was 1.46 inches, according to Kufalk's records. Rain fell on Jan. 2, and 3, but after that precipitation was all in snow. Eleven inches of snow up until noon Wednesday and an inch or two were added before midnight.

Highways have been dangerous because of the ice and snow, but the accidents have not been so numerous in this area because drivers have had to be careful. Many persons were said to have suffered frozen ears. Joe Meads, Petite Lake, high school student, was out of school under a doctor's care with both ears frozen.

Indications are that this will be a winter that will be talked about for many years because of the cold.

Girl Scouts to Stage Exhibit at Round Lake

All Girl Scout troops of the Lake-side council will take part in the Girl Scout exhibit to be presented to the public, April 14, at the Round Lake Consolidated Grade School gymnasium.

Exhibits will be on display from 2:30 to 9:00 p. m. There will be no charge for admission.

Colorful booths will outdo each other to present the eleven program fields of Scouting. Anyone interested in arts and crafts and novel ideas, will especially benefit by attending.

The International Friendship Programs will be presented at 3:00 p. m. and again at 8:00 p. m.

Information on the program and troops participating will be announced later. All troops wishing to put on a program must register theme with Mrs. Hjortland (Wilson Rd., Ingleside) by Feb. 1.

Big Crowd Expected at Farm Bureau Meeting in Gurnee Saturday Night

It is going to take some pretty bad weather to cut down the expected big attendance Saturday night at the annual meeting of the Lake County Farm Bureau.

Asher Hobson, University of Wisconsin economist, will be the speaker.

While the older folk listen to a short business session and hear Hobson, the young people will see movies.

Then they will both watch movies, dance and have refreshments. Several directors of the bureau are to be chosen at this meeting, which will be held in the Warren Township High school at Gurnee.

Attends Meeting in Chicago

Principal R. E. Edmundson of the Antioch High school attended a meeting of Suburban school administrators at Chicago yesterday.

Russell Mott Buys Angus

Russell Mott of Antioch, recently purchased a purebred Aberdeen Angus cow and a bull from Edward M. Herwig and Son, of Ashton, Ill.

Baptist Children Get New Pup to Replace Collie Estrayed, Shot

When a protest went up from the Central Baptist Children's home at Lake Villa over the shooting of their pet collie dog by some unidentified person, the home was swamped with offers of pets.

The children voted to accept an offer of Thomas Payton, of Houston, Tex., who wired from Carmi, Ill., that they could buy "the best dog in the world, collie or otherwise," at his expense. The Rev. L. B. Snider, head of the home, said the children decided on a collie.

The dog that was killed was found at Venetian village, a bullet hole through his head and his collar and license tag gone.

Charles C. Hoskins, of Libertyville, Is Elected Republican Chairman

Defeats Paul Kaiser for Post Held by Late W. M. Marks

Charles C. Hoskins, of Libertyville, was elected chairman of the Lake County Republican Central committee to succeed the late William M. Marks Monday night.

He defeated Paul W. Kaiser, Waukegan, 9,575 to 8,949 with 15 committeemen representing 3,907 votes absent.

Election of Hoskins, 55-year-old deputy sheriff and court bailiff came as a surprise to many because Kaiser, the vice-chairman was considered to have the solid vote of the shore line and as first vice-chairman in line for the office.

Kaiser's inability to draw a unanimous vote from the Waukegan Township caucus was said to have caused his defeat.

James Simpson, Jr., Wadsworth, former U. S. congressman, was elected a member of the Republican State central committee to fill the vacancy left by Marks. Marks took Simpson's place when he went into the marine corps in 1944.

Jack D. Williams, Wauconda real estate man, was elected fourth vice chairman to fill the vacancy left by Hoskins. Hoskins had been a Libertyville committeeman for 16 years.

C. J. Roeschlein, 75, Noted Antioch Meat Packer, Dies Sunday

Christopher J. Roeschlein, 75, one of Antioch's best known former business men died at his home Sunday, January 28, at 9 a. m. following two years of illness.

Born August 10, 1875, in Nuernberg, Germany, Mr. Roeschlein, before retiring ten years ago, operated wholesale and retail meat markets in the north and south sides of Chicago for the past 40 years, the last business location being at 1713 West 63rd Street. He owned and operated the Antioch Packing House for four years.

He was a member of the Lincoln Park Masonic Lodge No. 811 A. F. & A. M., he belonged to the Oriental Consistory.

He was married in Chicago 55 years ago to Miss Anna Kirschenebauer, who survives him. Other survivors are four daughters, Mrs. Eva Zietz, Mrs. Dorothy Albright and Mrs. Elsa Schuster, all of Chicago and Mrs. Louise Vos, of Antioch; a brother, John Roeschlein and a sister, Mrs. Dora Weinberger, both of Germany, and six grandchildren. A daughter, Bertha and a son, Harold, preceded him in death.

The body rested at the Strand funeral home Monday and at the Laine and Son Chapel, 5501 North Ashland Ave., Tuesday. Private funeral services will be held in Chicago later in the week.

King's Drug Store To Occupy New Location 895 Main St., Feb. 10

Plans are being made by Anton Stanich to open his drug store anew on Feb. 10 in the building at 895 Main St., formerly occupied by the Lakes Region Construction Co.

Now operating a prescription counter at the rear of Bud's tavern, Stanich is spending much of his time getting his new store outfitted and the place will be a nice one.

It will still go under the name of King's which it bore when destroyed by fire in the Fields building.

Case of Polio Beat Solicitor of Fund to Long Lake Resident

Closing Date of March of Dimes Extended to Feb. 15 Due to Delays

A solicitor for the March of Dimes drive at Long Lake arrived at a home there but a few hours after a physician had found a child suffering from polio, Ed Gresens, Antioch director of the polio fund in North Lake county revealed yesterday.

The canvasser was invited into the home to avoid the cold and there met the doctor who was called to attend the sick child.

Immediate call of the doctor by the thoughtful parents made possible immediate diagnosis, treatment and rapid progress toward recovery, said Gresens, who withheld names of the solicitor and child on their request.

Because of the extremely cold weather and bad road conditions which have hindered the drive, Gresens has extended the closing date to Feb. 15. This will include solicitations, special and social events, and containers in all business houses.

In spite of the cold weather the owners of the Antioch bowling alleys raised \$25 through sponsorship of a March of Dimes collection during a match between Zion and Thor's last week. Loren Sexauer has asked that credit be received should be given to L. Bauer, Ed Carney, E. Hallways and E. Anderson, owners of the Antioch Recreation who also made a generous personal contribution.

Mrs. Fred Pierce and Mrs. Loren Sexauer took charge of the containers during the match.

A container which was placed in Nielsen's corner, was replaced last Saturday after having \$48.00 deposited in it.

Mr. Sexauer reports about \$1300, which has been collected in the Antioch Township area to date is far from the quota of \$4500 established, but is confident that those who have not sent in the contributions or donated so far, will do so before the end of the drive Feb. 15, to bring the quota to realization.

Gresens said that Antioch is in the lead followed by Avon \$1100, Grant \$400, Lake Villa \$200, Newport \$150. Many scheduled social events are to take place within the next two weeks, and are expected to swell totals.

Lake County's quota of \$125,000, is coming closer to reality with a little over \$30,000 already tabulated.

Through the courtesy of Geo. Newby, of Wauconda, a former Navy man and Commander of a Mine Sweeper and chairman of Wauconda's drive, the film "The Fighting Lady" will be shown. This is the Navy's version of an Aircraft Carrier in action in World War II in the Pacific theatre, depicting the full life of the Carrier from Commissioning and launching to action in the Pacific in Japanese waters—all in technicolor.

Another film entitled "Accent on Youth" will be shown. The program will be of two hour duration and promises to be very interesting. Mr. Gresens and Sexauer advise that the date is Feb. 8 at 8 p. m. at the Antioch High school, and admission will be by donation to the March of Dimes Polio Fund.

Homecoming of Grade Pupils Not So Thrilling

Moving into a new class room may be a thrill to some children but to the second graders who moved into the new addition to the Antioch school from Oakland it was phooey.

"Hello, boys and girls. Glad to be back?" inquired Principal Richard Whitacre as the children entered the new building after about five months at the Oakland country school.

There was silence for some time and then a little girl gave the answer "No" in a disgusted tone of voice.

Under the teaching of Mrs. Whitacre, wife of the principal the children enjoyed their schooling at Oakland.

They had plenty of room and satisfactory equipment; their own cafeteria; a skating pond and a toboggan slide—something the Antioch building doesn't have. They would rather have stayed at Oakland where they had fun to themselves.

Set Carnival Date

The Lions club this week set Aug. 1 to 5 inclusive as the date for its annual carnival. The place will be announced later. The club voted \$50 for the March of Dimes fund, President Robert Wilton announced.

Council of Civilian Defense Is Formed, Will Meet Feb. 8

A Council of Civilian Defense was formed at a meeting of village officials and Director R. C. Edmundson last Thursday night.

Department heads were chosen and they will be expected to form their committees to begin activities following a meeting Thursday evening, Feb. 8, in the village hall, Mayor James McMillen announced.

Dr. D. N. Deering was named co-chairman with Health Officer R. D. Williams in the health and welfare committee and under their supervision Anthony Scully will organize civic groups.

This committee will survey the community for halls and other buildings suitable for emergency hospitals in event of disaster, and will enlist the aid of and organize men and women as hospital aides in emergencies.

Closely connected with this department will be the Rescue squad and the fire department.

Capt. Holbek of the Rescue squad will begin the training of civilians in first aid work and will supervise that work in emergencies.

Fire Chief Edgar Simonsen and Assistant Chief Clarence Shultis will have police powers and direct protective work in event of fires and explosion.

Police Chief Walter Scott will use his police powers in preventing sabotage and will cooperate with industry in this respect. He will handle traffic in emergency situations and have general over all police protective powers.

Under Scott and in charge of communications will be Robert Adams of Grass Lake. A radio expert, he will supervise radio communications in the area.

Robert Webb with township equipment at this disposal will have charge of transportation and engineering. His task will be to keep highways open and control traffic during any exodus.

Howard Gaston, publisher, will be in charge of public information assisted by Mrs. Maurice Radtke and George R. Rinehart.

Director Edmundson and Mayor McMillen said that the council will have regular meetings and later will attempt to coordinate its efforts with those of other villages and cities.

Methodists Begin Second Fund Raising Campaign For Education Building

Plans for a second fund raising campaign for an educational addition were agreed upon at a special meeting of the official board of the Methodist church of Antioch Sunday afternoon. The members of the Board expressed the view that the church should push forward with building plans to meet the badly overcrowded conditions in the Church school.

Louis Horton, chairman of the former drive which netted \$14,000 in pledges will act as temporary chairman until a permanent chairman is selected by the Building Committee.

Word was also received this past week from the Board of Missions and Church Extension of The Methodist Church that the plans submitted by the local church for their educational addition had been

(Continued on page ten)

Antioch High Defeats Palatine; Bensenville; Play Barrington There

Sophomores Push Broncos For First Place In Conference

Antioch High's Sequoits will attempt to tame the Barrington Broncos in the Barrington corral tomorrow evening.

The Broncos with only one loss this year have been riding high to what they believe will be their third conference championship.

Antioch with five victories in the last six starts is climbing the conference ladder rapidly and is a team now to be reckoned with by the best.

Coach Scott's warriors annexed a double victory over last weekend.

They easily took Palatine into camp here Friday night 45 to 28 and nosed out Bensenville there Saturday night 46 to 42.

The whole team contributed about evenly to the defeat of Palatine. Buzz Haviland and Pre-genger were high, Haviland scoring five field goals and four fouts and Pregenger five field goals and two fouts. Lubkeman was next with two field goals and four fouts and Tom Haviland fourth with three field goals.

Rogers, with six field goals, was high scorer for the visitors.

The score by quarters was
Antioch 11-21-31-45
Palatine 2-10-21-28

In the preliminary the sophomores won 42 to 32. The score at the first quarter was 12-6; half 19-13; and third quarter 30-22.

The Haviland brothers and Pregenger teamed in handing Bensenville its second defeat of the year by the Sequoits, but on this occasion on the Bison's home floor. Bensenville fought hard and nearly stole the game in the final quarter, but an Antioch rally kept them ahead.

The score by quarters was 13-11.
(Continued on page 5)

Cold Weather Forces Early Occupancy of Grade School Addition

Cold weather and inability of heating the Oakland school building too good, caused a sudden move of the second grade there into the new addition of the Antioch grade school before its completion yesterday.

Hardware needed to complete the job has not yet been found, but Principal Richard Whitacre said that since the room is heated anyway and the desks and other equipment can be installed, the move was decided upon.

The kindergarten room is ready for occupancy, and the change will be made Monday.

Because of the size of the kindergarten enrollment, the group must be divided into morning and afternoon sessions. Mrs. Wilton will be in charge of both sessions.

Owing to the present set-up, all children transported by bus and taxi-cab will continue in the morning class from 9 to 11:30 a. m. Also those children whose last names begin with A to C inclusive will attend the morning session. All others will attend the afternoon session from 1 to 3:30.

The flooring in the gymnasium hasn't been laid, but a Chicago firm doing the work promised to start it in 10 days.

Antioch Resident Killed at Kenosha On Way to Work

Leland W. Lathrop, 35, of Lake St. Buried at Bridgeport, Ill.

Leland W. Lathrop, 35, of 487 Lake st., was killed early Tuesday morning when his automobile was struck by a North Shore train in Kenosha.

Mr. Lathrop left home early to get to his office at the Speedway Transportation Co., terminal in Kenosha to take care of extra business and evidently did not see the fast train approaching because of the frosted condition of the car windows.

The Lathrops had resided in Antioch since last November, coming here from Bridgeport, Ill. He started several years ago as a transport truck driver and recently was promoted to the office as dispatcher.

In the short time the family lived here members gained many friends who are extending their sympathy.

Surviving are the wife, Doris, and daughter, Lois, a student in Antioch grade school's eighth grade.

The body was taken to Bridgeport where the funeral and interment will take place.

A. T. H. S. Semester And Six Weeks Honor Rolls Are Given Out

Seventy-four students maintained a 16 or more grade point average for the third six-weeks' period. In computing the grade points 5 points are given for an A; 4 for B; 3 for a C and 2 for a D. Any students to be on the honor roll has an average grade of B. An honor roll is kept and published to encourage students to work up to their normal ability and capacity and to give those students recognition for their efforts.

Four senior students made a straight "A" average for the period. They were Judith Anderson, Ann Mattson, Fern Mattsen, and Lorraine Bock. Patsy Keulman from the junior class; Wendy Midgley and William Terry from the freshman class achieved this distinction.

Students who maintained a 16 point grade average or more the

Mrs. Maurice Harmon, Channel-Lake Resident, Dies of Heart Attack

Mrs. Rose Harmon, 64, a resident of Rte. 173 three-fourths mile west of Antioch for the last two years, died at 5 a. m. Tuesday at her home from a heart attack. She had been bedfast for the last three months.

The Antioch Rescue squad was called but was unable to revive her through the use of the inhalator.

The body was taken to the Bell-Smith funeral home at 2500 N. Cicero ave., Chicago.

Mrs. Harmon, wife of Maurice Harmon, came with her family from Chicago where they resided at 1719 N. Austin ave. Surviving besides the husband are three sons, Martin, and Edward, of the home, and Maurice, Jr., Chicago. There are seven grandchildren.

M. Lawrence Norris, 68 Dies in Waukegan Hosp.

M. Lawrence Norris, 68, of Crooked Lakes Oaks subdivision, Lake Villa, died Saturday, January 27, at 9:40 a. m. at the Lake County General Hospital, Waukegan, following a lingering illness.

He was born December 2, 1881 in Ohio and made his home in Cicero, until moving to Lake Villa in 1936. He was a member of the Millburn Masonic Lodge No. 127 A. F. & A. M., a former Lake Villa constable and a retired Western Electric Company employee.

He is survived by one daughter, Harriet. His wife Fanny B. preceded him in death December 14, 1950. Funeral services were held Tuesday, January 30 at the Strang Funeral home with the L. H. Messersmith officiating, assisted by the Millburn Masonic Lodge. Burial was in Oak Ridge cemetery.

Fire on the Farm

Fire is an especially grave problem on the farm. Many farms are far from fire-fighting organizations. And farms, by their very nature, contain fire hazards peculiar to themselves.

Farm fire prevention—like fire prevention anywhere—requires constant vigilance. It also requires a sound knowledge of the hazards and how they may be corrected. To help supply that vital need, the National Board of Fire Underwriters has made a new 16-mm motion picture in color. Entitled "Fire on the Farm", this 15-minute film was produced in cooperation with the Agricultural Committee of the National Fire Waste Council. Technical advice was provided by a number of organizations, including Iowa State College, the National Fire Protection Association and the U. S. Department of Agriculture.

Most of the scenes were filmed on a dairy and poultry farm in New Jersey. However, the picture deals with the hazards that are found on farms in all parts of the country. It emphasizes that inspection of these hazards by the individual farmer can eliminate most fires. It also stresses the part rural fire departments have played in bringing better fire protection within the reach of farmers.

The film is loaned, without charge, to farm organizations, schools and agents by the Bureau of Communication Research, Inc., 13 East 37th St., New York City 17. It is to be hoped that it is seen by the largest number of farmers possible—and that the basic lessons it teaches will be applied throughout rural America.

Still Needed

Is the private electric power industry no longer needed? Should the government—as the socialists have long argued—take over the whole job?

Apparently one very important government agency—the Atomic Energy Commission—doesn't

think so. It will soon build a new Atomic Energy Production Plant near Paducah, Kentucky. The installation will consume very large amounts of power. Initially, AEC planned to get its entire requirements from the Tennessee Valley Authority. Now, however, it has approved a new plan. Half the power will come from TVA. The other half will be provided by a group of business-managed utilities, which have banded together for the job under the name Electric Energy, Inc. The suppliers will build new steam generating facilities, located in such a manner as to provide maximum security and to assure the most dependable supply of power for this all-important plant. The facilities of both Electric Energy, Inc., and TVA will be completely interconnected.

AEC's reasons for getting its power in this fashion are interesting. It believes that bringing entirely different power networks into the picture will give greater assurance of continuing supply—the electric eggs will not all be in one basket. And, it stated, the sharing of the power load by the public and private systems will result in a considerably lower initial capital investment by the government.

It is worthy of mention that Electric Energy, Inc., offered to supply the entire load. Regardless of that, the fact that half of this huge government job will be done by private enterprise—which, of course, pays taxes and uses its own money, as contrasted with tax-free, tax-subsidized socialized systems—is significant. Private enterprise is still the bulwark of our strength.

The Spark of Progress

The strength of a modern nation may be largely judged by its ability to produce oil. During 1950 the United States produced 1,973,000,000 barrels of crude oil which amounted to 52% of the world's supply for the year. At the beginning of 1950, proved reserves of crude oil and other liquid hydrocarbons exceeded 28 billion barrels. This is over a third of the proven reserves of the entire world.

Many other countries are well endowed by nature with rich oil deposits. But they are hidden beneath the surface of the earth awaiting discovery and development. In the United States thousands of competing companies, both large and small, have striven for over half a century to out-do each other in the race to locate new oil and get it to market. Last year more than 43,000 new wells were completed. It is significant to note that some 14,000 of these were dry holes! This is one of the costs of exploration. In 1950 the oil companies spent \$1,360,000,000 to carry on the search for and development of oil and gas reserves and supplies now vital to our national defense. To process the ever mounting supply of crude oil coming out of the ground, daily refinery capacity has been increased 36% since 1941.

No other country can match this record of achievement. To sustain it we must keep alive the spark of our free competitive system—the chance to make a fair profit.

SOCIETY EVENTS

Mary Rita Burns and Robert Risch Exchange Vows

St. Peter's church was the scene of the January 27 marriage of Miss Mary Rita Burns and Robert Risch. The Rev. Fr. Francis Gilbride officiated at the double ring ceremony. Mary Rita is the daughter of Mrs. Beatrice Burns, of Mundelein and Robert is the son of Mr. and Mrs. Emil Risch, Parkway Ave., Antioch.

Given in marriage by her brother, Tom, the bride wore a floor length gown of white marquisette, her finger tip veil was held in place by a tiara of seed pearls and lace. She carried white roses.

Mrs. Joan Wisniewski as matron of honor wore a floor length dress of yellow crepe and her flowers were yellow carnations. Terry Burns, sister of the bride served as bridesmaid, she wore a gown of pink crepe and carried pink carnations. Bernice Sherman served as best man with Ed Kania as usher. Tom Burns sang "Ave Maria".

The bride's mother wore a floral print dress, and the groom's mother wore a dress of lavender crepe, their corsages were of red roses.

After a wedding reception for 100 guests, held at the Burns home the newlyweds left for Milwaukee, Wis., where they spent several days before returning to their home at Channel Lake. Both Mr. and Mrs. Risch are graduates of Antioch Township High school. Mr. Risch is employed at Johns-Manville and Mrs. Risch is employed at Great Lakes.

Women of St. Peter's Will Attend Meeting at Highland Park, Feb. 14

District Lake of the Archdiocesan Council of Catholic Women, will hold its regular meeting of the winter series Wednesday, Feb. 14, at 2 p. m., at Immaculate Conception Parish, Highland Park. Mrs. Alex Rafferty, 628 Laurel Ave., Highland Park, district president, will preside.

This meeting is part of a series of twenty in Cook and Lake counties. Mrs. A. G. Desch, 488 Sheridan Rd., Evanston, recently elected president of the Chicago ACCW, will bring greetings to the delegates. Guest speakers include the Rev. Thomas J. Fitzgerald, assistant director of the Council, and Rev. Francis M. Flaherty, pastor of St. Peter's, Antioch, district adviser.

The Rt. Rev. Msgr. Joseph Morrison, host pastor, will give a welcome. Mrs. Thomas Clark, 426 Oakwood Ave., Highland Park, is host president.

The ACCW is currently engaged in a decency crusade for the protection of the morality of youth by seeking elimination from sale and display in retail outlets of objectionable comic books, magazines and pocket-size books. It is also co-operating closely with the reactivated U. S. O., now known as the Association Services for the Armed Forces, by providing junior hostesses, chaperones, and food for the parties sponsored for servicemen passing through Chicago.

Reports on committee activities will spotlight the District Council's development in spiritual works, in intellectual pursuits, in charitable projects and in civic and community endeavors. Reporting their activities will be the following chairmen: Mrs. W. Vogel, 1026 Pacific Ave., Waukegan; Mrs. John Bugner, Buffalo Grove; Mrs. Otto Behn, 237, 2nd Ave., Libertyville; Mrs. Margaret Kirby, 455 Hickory St., Waukegan; Mrs. Tom Clark, 430 Oakwood Ave., Highland Park; Mrs. Marshall Williams, E. Telegraph Rd., Deerfield; Mrs. LeRoy Paulson, 308 Douglas, Waukegan.

District officers will be elected as part of the agenda of the meeting. Serving on the nominating committee are: Mrs. Pearl Scully, Main St., Antioch; Mrs. John McCaffroy, 627 W. Park Ave., Highland Park; Mrs. Leonard Latz, 611 N. Sheridan Rd., Waukegan.

REBEKAH LODGE TO HOLD SCHOOL OF INSTRUCTION

Lakeside Rebekah Lodge will hold a school of instruction Wednesday afternoon, February 7 at 2 o'clock in the I. O. O. F. hall, Mrs. Grace Baird, Waukegan, will be the instructor.

A pot luck supper for members and their families will be held at 6 o'clock followed by a regular business meeting.

Mrs. Clara Wilton is Noble Grand.

Mrs. Cain W. S. C. S. Speaker

Mrs. Katherine Cain will address the evening circle of the Women's Society of Christian Service at the February meeting which officers say will be a good meeting for newcomers to attend. The meeting will be at the home of Mrs. Elmer Baetke, 911 Main St., second floor, Thursday, Feb. 8.

A marriage license was issued in Waukegan this week to Clarence Dressel and June Beck.

PROGRESSIVE SUPPER FOR M. Y. F. SUNDAY

A progressive supper starting at 5:30 p. m. at the home of Betty Lu Williams will take the Methodist Youth Fellowship to the homes of Bob Dieball, Marlene Wertz, Joanne and Dick Haak, Betty Erickson, Carmen Edmundson and Dave and Bill Deering.

The fireside discussion will be at the Deering home on the subject "Does Prayer Really Work."

A campaign for new members opens this week and will continue until spring when the losing team will be hosts at a dinner for the winners.

The M. Y. F. group and guests will leave from the church at 7:30 in going to the Waukegan Y. M. C. A. for a swimming party.

Business Women To Hear Talk on "Books" Monday

The Antioch Business and Professional Woman's club will meet at 8 p. m. Monday in the Scout home. Miss Theresa Wehr, librarian of the Antioch Township High school will speak on "Books".

Hostesses for the evening will be Mrs. Maurice Kruzan, Miss Iris McKinney, Mrs. Gertrude Dunning, Miss Mae Setek, Mrs. Elaine Offdahl, Mrs. Wanda Barthel, and Mrs. Carolyn Horan.

Miss Iris McKinney is the club president.

OLSON CAMP R. N. A. INSTALLS OFFICERS

Olson Camp, Royal Neighbors held their installation ceremony Monday evening in the parish hall of St. Ignatius church.

Mrs. Gladys Ames, Gurnee, district supervisor, served as installing officer, assisting her were: Mrs. Harriet Panzer, Gurnee, ceremonial marshal, Mrs. Nellie Hanke, installing chancellor, Mrs. Irma Hostetter, installing inner sentinel and Mrs. Ruby Hook, Gurnee, musician. Four members from Gurnee Camp acted as escorts.

Mrs. Laura Thayer was installed as oracle, Mrs. Anne Heath, vice oracle, Mrs. Gladys Wilton, past oracle; Mrs. Eva Burnette, chancellor, Mrs. Gladys Lokke, marshal, Mrs. Pearl Anderson, ass't. marshal; Mrs. Elsie Horton, recorder; Mrs. Alice Lassen, receiver, Mrs. Deborah Van Patten, musician; Mrs. Myrtle Stowe, manager and staff captain; Mrs. Frieda Wertz, flag bearer, Mrs. Effie Nelson, faith, Mrs. Cecelia Wertz, courage; Mrs. Agnes Hills, unselfishness, Mrs. Irma Hostetter, modesty (pro-tem) Mrs. Julie Schmidt, endurance, Mrs. Annette Stieber, inner sentinel and Mrs. Dortha Wertz, outer sentinel.

Refreshments were served at the close of the evening.

SEMINARY CHOIR TO BEGIN MISSION AT ST. IGNATIUS' ON ASH WEDNESDAY

The annual Lenten Mission Services at St. Ignatius' Episcopal Church, Antioch, will begin with Choral Evensong by the Choir of Seabury-Western Theological Seminary on Ash Wednesday evening, Feb. 7, at 8:00 p. m. The seminarists will conduct the entire service of Evening Prayer, with one student acting as Officiant, another as Lector. A Senior student will give the address. The Choir will sing the service in Anglican Plainsong. The public is cordially invited to attend. The Lenten Mission will be held each Wednesday during Lent, with the Rev. Fr. Jamieson officiating, and guest preachers.

Ash Wednesday, a Day of solemn fast and obligation, will be observed by the Celebration of the Holy Eucharist at 8 a. m., with Imposition of Ashes. The Ash Wednesday Penitential Office will precede the mass.

Friday Children's Services At St. Ignatius' During Lent

Each Friday during Lent, a Service for children will be held after school at 4:00. After the Service, refreshments for the children will be offered in the parish hall, with movies or film strips following. These Services are open to the public; primarily for the children, adults are nevertheless invited.

Each Wednesday during Lent there will be an additional Holy Eucharist at 9:30.

ANTIOCH WOMEN'S CLUB TO HONOR ITS PAST PRESIDENTS

Past presidents of the Antioch Women's club will be honored at a meeting scheduled for Monday, February 5, at the Scout Home. A pot-luck luncheon will be served before the opening of the meeting. Besides honoring the past presidents there will be open discussion on future programs, during the meeting.

WESLEY CIRCLE TO HEAR TALK ON THE HEALTH OF INDIANS

The Antioch Methodist Wesley Circle, headed by Mrs. W. C. Petty, will hold its regular meeting and a dessert luncheon Wednesday, Feb. 7, at 1:30 o'clock at the church. Mrs. Edward Greens will lead the devotions. Mrs. C. P. Tossey will talk on the subject "The Health of Our American Indians."

Dr. and Mrs. Frank Keefe returned home recently after spending two months in California, while there they visited Mrs. Keefe's niece, Mrs. Don Secor and family at Barstow, they also spent some time in Los Angeles, Hollywood and Long Beach, they visited with Mr. and Mrs. Al Schenk at Douglas, Arizona and on their return trip home they spent two weeks in Chicago before returning to their Bluff Lake home.

Members of the Veterans of Foreign Wars Auxiliary plan to hold a pot-luck supper and social Monday evening February 5 at 7 o'clock. Members of the V. F. W. and their families are invited.

Will Reside at

Petite Lake after

Trip to Florida

(Courtesy News-Sun)

Walter Kraft and Russell Drantz were entertained by Mr. and Mrs. Fred Zeason, Jr., at their home at Loon Lake Tuesday evening.

Mr. and Mrs. S. Boyer Nelson and Mr. and Mrs. Wendell Nelson and children left last week for a vacation and trip to Hot Springs, Arkansas and Mexico.

Mr. and Mrs. Donald E. Mulks, Whitewater, Wisconsin, were Saturday guests of Mr. and Mrs. Lon Runyard.

Mrs. Mildred J. Bretz, Forest Glen, Chicago, was a dinner guest of her uncle, L. C. Ross, Bishop Drive, Tuesday.

Mr. and Mrs. Donald Gibbs and daughters, Sharon and Donna returned home Tuesday after spending two weeks in Florida.

Mrs. Charles Schroeder and Mrs. Myrtle Stowe left Tuesday morning for Rochester, Minn., where they will go through the Mayo clinic.

Woman Loses Fight to Bar Murder Story From Radio

FLINT, Mich. — Back in 1941 Michigan and the country was shocked with the sensational confession of Mrs. Julia Kulnich that she murdered her husband and two children.

The case came to light again recently when Mrs. Kulnich, now 34, asked a federal court to block a coast to coast broadcast of the crime on a radio show.

Mrs. Kulnich, who is serving a life term in the Detroit house of correction for second degree murder, claimed the drama invaded her "right of privacy" and would cause her "embarrassment, ridicule and humiliation."

At First Circuit Judge Clifford A. Bishop granted the injunction but later dismissed it upon learning that the broadcast would originate in New York rather than in Flint and would use fictitious names of the principals.

Mrs. Kulnich's husband, Peter, her daughter, Helen, 7, and her son, Nicholas, 5, were found dead in their farm home September 15, 1941. At first the woman said her husband killed the children and then committed suicide. Finally she confessed to state police that she was the slayer of all three.

Slip of Knife Gives World New Eye Surgery Technique

SAN FRANCISCO—The slip of a surgeon's knife has presented the world with a new technique of eye surgery that may save the sight of hundreds of persons in this country. The procedure was reported by Dr. Harold C. Schele of Philadelphia.

The new technique involves a tiny drain hole in the tough covering in the eyeball. Through this hole excess fluid in a little sac in front of the eye lens can escape and reduce the pressure that causes blindness in cases of glaucoma.

In the usual operation an opening leading to the sac is made and some fluid taken out, but no drainage hole is left.

A supposedly ordinary operation was performed on a 19 year old girl threatened with total blindness by glaucoma in both eyes. Schele operated on the left eye. Later he discovered that the knife had left a tiny cleft which acted as a filter through which additional excess fluid from the little sac could continue to drain. The eye improved and a similar operation was performed on the girl's other eye, with similar results.

Kentucky Rifle

The famed muzzle-loading Kentucky rifle, an unmatched weapon in early frontier days, is enjoying a well deserved comeback in popular esteem. Gun clubs and sports enthusiasts report renewed interest in the old rifle, which is again being used at target meets and in actual hunting. Marksmen interested in the sharpshooting traditions of their forebears are rediscovering the Kentucky's celebrated accuracy.

Russian Soldier Reports Guerrilla War in Soviet

BERLIN—Sgt. Mikhail Kuratsyev, 24, who fled recently into the British sector of Berlin from Russia, reported to officials that a guerrilla war is being fought against Soviet rule in the Caucasus mountains.

Kuratsyev identified the mountain rebels as survivors of the Chechen and Ingush peoples who had been deported from their southern mountain homeland to Siberia in 1944.

Kuratsyev said his home is only five miles from the border of the former Chechen-Ingush autonomous republic, whose Moslem inhabitants were deported en masse.

"Some managed to avoid deportation and go into hiding," he said. "During my short visit in the Caucasus, I heard they were at present engaged in guerrilla warfare in the mountains."

He reported them a proud, independent people, adverse to any central authority—czarist or Soviet—and they had long been a thorn in the side of the Soviet regime."

Couple Build Dream House, But on Wrong Property

CHICAGO — After years of dreaming and planning their house, Mr. and Mrs. Ronald Cizek came up with a nightmare. They built it on somebody else's property.

The couple hired a surveyor to plot lots 25 and 26 in suburban North Elmhurst. After living with their parents for three years, the house was finally finished and they prepared to move in.

They needed a loan, however, and it was then they learned that their house stood on lots 22 and 23, about 75 feet from where it should have been.

They solved their problem by selling lots 25 and 26 and borrowing enough to pay \$1,600 to the owners of lots 22 and 23. Then they filed suit against the surveyor, charging he led them astray.

How to "Dodge" Lightning

Summer takes a larger share of the annual toll from lightning than any other season. To those who would better their chances of avoiding the lethal bolt during an electrical storm, safety experts offer advice: Never seek shelter under a tree, particularly an isolated one. One third of all the victims lose their lives in this way. Don't remain in a small boat during the storm. Taking refuge in a small, isolated shed, especially one in an exposed area, also is dangerous. Never stay in swimming through the storm; not only do you become a target for a direct hit, but you also can be electrocuted by a charge carried by the water from a bolt striking at some distance.

Nonwhite Death Rate

The infant death rate for nonwhites in New Mexico—235 per 1,000 born—was more than six times as great as the white infant death rate in Connecticut last year. And the difference is marked even within the same state. For example, Connecticut's white infant death rate was 38 and the nonwhite rate was 63 per thousand born. In New Mexico, the death rate for nonwhite babies was more than twice that for white babies. In Georgia, Tennessee and South Carolina, the death rate for nonwhite babies was about one and one-half times that for white babies.

Reduce Losses of Foals

Some of the horses that are romping home ahead of the field today owe their victories—and their lives—to new scientific discoveries. According to veterinarians at the University of Kentucky, losses of unborn and new born foals due to infections have been reduced 20 percent in the bluegrass area of Kentucky within the past few years. Better means of diagnosing ailments of foals and improved disease-fighting drugs are cited as principal factors in the loss reduction.

Canned Chicken
Laboratory tests by department of agriculture nutritionists indicate raw-pack canned chicken is superior to chicken canned by other methods.

Children's Diseases
Diagnosis and treatment of certain children's diseases will be aided by an easier and faster method of measuring fatty substances in the blood serum.

Gavin School P. T. A. To Entertain Guests Feb. 6th

The next regular meeting of the Gavin School P. T. A. will be held on Tuesday evening, February 6th, at 8 o'clock in the Gavin School Auditorium.

The Lake County Parent-Teacher Association Council President, Mrs. John Hutchison, of Fox Lake and the members of the Lake County Council, the P. T. A. members of the neighboring schools of Antioch, Big Hollow, Fox Lake, Grass Lake, Lake Villa and Round Lake are cordially invited to attend.

There will be a Founders Day reception for the honored guests, the Past-Presidents.

The program to be presented has been planned in commemoration of Founders Day. A delightful skit called 'Gossip' will be presented by Mothers of neighboring schools.

Refreshments will be served by the Mothers of the 4th and 2nd grade classes assisting Mrs. C. Lindahl.

All members and friends are urged to attend this very important meeting.

Recall to mind that the attainment of our theme, "Our Challenge—Better Schools" is also "Through Cooperation with Our Neighbors."

Legion Auxiliary Now Provides Insulin for Needy Diabetic Veterans

Two items included in the American Legion Auxiliary Rehabilitation Program are the Insulin and Vaporizer service.

In December 1934, realizing that a regular dosage of insulin as a life giving substance was the crutch on which a diabetic must lean, the department of Illinois, American Legion Auxiliary inaugurated a program of providing indigent diabetic veterans with free insulin.

If a veteran is hospitalized he receives a month's supply of insulin upon leaving the hospital. Any veteran whose financial situation makes it difficult for him to purchase this expensive medication can avail himself of free insulin through the Auxiliary, Dept. of Illinois. A veteran of any war, man or woman may apply for aid and he does not need to be a member of the American Legion.

All needy veterans suffering from asthma may be serviced without charge with Vaporizer, the medication approved by the Veterans Administration. This service also includes the issue of a vaporizer and medicine are available through the social service office or American Legion Liaison officers in the hospital.

Most Evictions Need No Permission, Porter, Rent Director Declares

Evictions not requiring rent office permission outnumber certificate cases three to one, Mr. J. Edwin Porter, Associate Area Rent Director, said today in a review of the Waukegan Branch Rent Office's rent control activity.

"A general impression through the years has been that rent office certificates are necessary in all evictions, but this is definitely not the case," Mr. Porter said.

"A landlord may proceed directly by local law if his ground for evicting a tenant is non-payment of rent, commission of a nuisance or illegal subletting, to name just three. In cases like this, the landlord must serve proper notice on the tenant and send a copy of the notice to the rent office."

Of 127 such notices received by the Waukegan Branch Rent office during the past year, 29 were found to be defective, according to Mr. Porter.

When this happens, the rent office has authority to block an eviction. To avoid intercession, a landlord should first determine that the rent law permits him to evict a tenant without a rent office certificate and then should follow up by submitting a proper notice, he added.

Landlords wishing to evict tenants from rent-controlled dwellings must certify to the rent office that they will evict for the reason stated and for no other.

A landlord, upon proper substantiation, can obtain a rent office eviction certificate to gain occupancy by a son, son-in-law, daughter, daughter-in-law, mother, mother-in-law, father, father-in-law, step-child and adopted child.

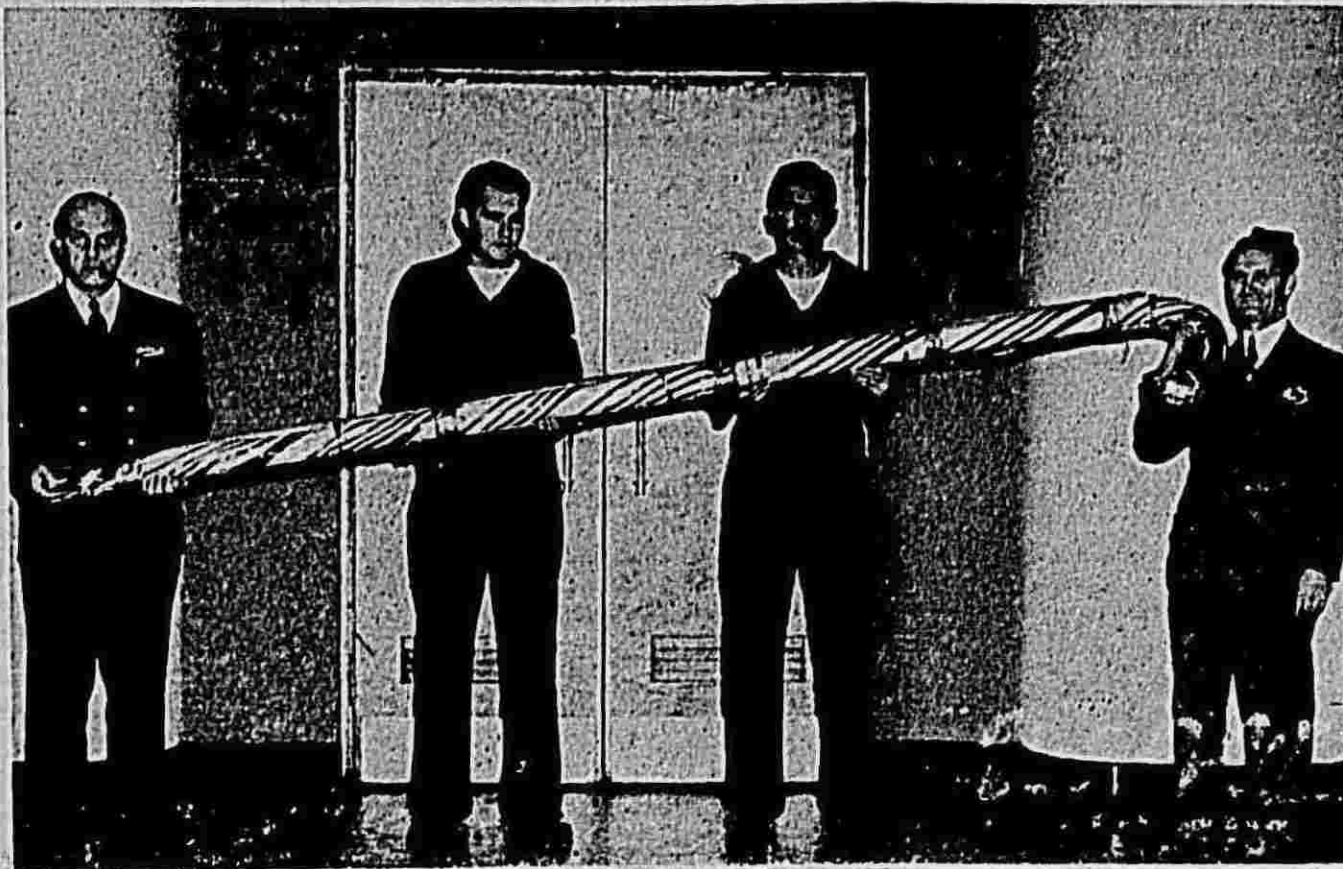

CHICAGO USO CLUB IN NEED OF COOKIES & CAKES

The Chicago USO Club, 308 N. Michigan Boulevard, is in need of homemade cookies and cakes. They're needed especially for the weekends when large groups of servicemen and women come into town looking for fun and relaxation at the club's parties. Anyone wishing to donate these refreshments can bring them directly to the club during the day where they will be received by a volunteer. All deliveries should be made to the third floor of the building.

Antioch VS Gavin

The Antioch Grade School basketball team will play Gavin there Friday evening.

How is this Candy Cane for Size? Poulos Made it.

Poulos Gives 30-pound Candy Cane to Hospital Patients at Great Lakes

A candy cane weighing 30 pounds was presented to the Great Lakes hospital by Ted Poulos, proprietor of Ted's Sweet Shop on Lake St., its maker, on Wednesday, Jan. 10.

The cane here shown with Poulos on the right is lifted by Lt. E. A. Guibault, MSC, (left), hospital recreation officer; W. R. Redmann, HM2, (right center) and W. C. Peterson SK3 (left center), a patient of Ward 98N.

Poulos also gave the patients 30 pounds of homemade fudge. In the past five years he has given candy and bulk candy to Downey hospital. Previously he gave candy to the grade school and Boy Scouts.

Public Service Company Buys Land for Site of New Generating Station

The Public Service Company of Northern Illinois has completed arrangements to purchase a 216-acre tract of land on the banks of Chicago Sanitary and Ship Canal between Lemont and Lockport as a site for a future electric generating station, it was announced recently by Britton I. Budd, president of the utility.

The property is on the south side of Romeo Road and fronts three-quarters of a mile along the west bank of the canal at a point about ten miles north of Joliet.

"At present there are no definite plans as to the time of construction of the generating station," Mr. Budd said. "However, we decided to buy the property and to go ahead with preliminary plans and surveys for the plant during 1951 on account of the continuing rise in the use of electricity by the homes, farms and factories in northern Illinois. This rising trend has been accelerated by the events of the past six months and by our nation's rearmament program."

"The company's electric generating capacity, paralleling the tremendous growth of the area, has been increased more than 500% during the past 25 years. All of this expansion has consisted of additions to existing station. During the last ten years alone, population of the company's service area increased by more than 380,000 and now stands at 2,016,000. Within this 11,000 square-mile area, the company serves nearly 600 communities and 48,000 farms."

Mr. Budd said that during 1951 the new site would be cleared and surveyed and preliminary plans made for locating the building, the barge docks, coal storage yard, electric switchyard, and other related facilities.

"The station probably will be started with installation of one turbo-generating unit of about 150,000 kilowatts but it will be designed for additional units," he said.

"The site is large enough and the available water is sufficient to support a plant of 1,000,000 kilowatt capacity with adequate room for coal storage and it is strategically located with respect to the other stations in the system."

Establishes Own Office

Charles Cernack, employed with the Antioch Real Estate Co., the last three years, is establishing his own insurance and real estate business. His office at present is at his home, 353 Harden st., but he plans to occupy one of rooms of the new Antioch postoffice building when it is completed next spring.

Chest X-Rays at Schools

Tuberculin testing teams of the Lake County Tuberculosis association operated its chest X-ray machine at the Lake Villa, Cedar Lake, Allendale, Druce Lake, Gavin, Fox Lake, Grant Community High, Lotus and Big Hollow schools Tuesday.

Allendale Routs Prospect Heights by Score 66-28

The Allendale Tigers bested the Prospect Heights Grade school basketball team for the second time this year recently by overpowering them 66 to 28. The much improved Prospect team looked much better in this game than in the previous but still was short of matching the high-scoring Tiger outfit.

The game started slowly as the Tigers got off to a 9 to 4 lead, but the tempo soon increased as the fast breaking offense of the Allendale lads began to click with smooth precision, and the score at halftime was 34 to 10. With the reserves playing a greater part of the last half the score of the three minutes had ended Allendale found itself with a 66 to 28 victory.

Roberts, Capt. John Kelly Payne and Wyatt all contributed their share of points scoring 13, 12, 11 and 10 respectively. Pritchard was high for Prospect with 5.

The Allendale Juniors, riding a long winning streak, also came out on top with a 66 to 13 win. As in the Senior game the Prospect team was simply outclassed and outplayed. Bill Cassidy hit the hoops for 22 points for the Allendale Ponies and Rich Meyer followed with 10. Peterson was high for Prospect with 5.

Not All Tax Advisers Give Proper Information Revenue Director Says

Mr. John T. Jarecki, Collector of Internal Revenue for the District of Illinois, states that while almost all accountants and others assisting the public in filing their income tax returns are honest and reliable, that occasionally his attention is drawn to so-called "tax experts" who encourage otherwise honest taxpayers to deduct items on their income tax returns which are clearly not allowable.

He advises that great care should be used by taxpayers in filling out their income tax returns not to follow advice which would lead them to take off deductions or exemptions which are not allowed under income tax regulations, or to otherwise file false returns, as in doing so they will be subject to severe penalties.

Mr. Jarecki also calls attention to the fact that his deputy collectors will give assistance in preparing income tax returns in Room 1 of the U. S. Courthouse, Dearborn and Adams Streets, Chicago, and in any of his branch offices located in the northern twenty-six counties of Illinois.

This service is not given in the main administrative offices at 22 West Madison Street, Chicago, so do not go there for assistance in preparing income tax returns.

V. A. Needs Men to Aid In Care of Hospitalized Veterans at Downey, Ill.

Men between the ages of 21 to 55 are needed to help the Veterans Administration care for disabled veterans at the Downey VA Hospital near Waukegan.

A special plea was made for single men 35 to 55, to apply for positions. In addition, several vacancies exist for women in the same age groups.

The positions are nurses aides and attendants. Starting salaries are at \$2,200 per annum or a gross of \$84.02 per two-week pay period.

Quarters and meals may be obtained on the station at a cost of \$20.15 per pay period.

Application for these positions should be made at the nearest office of the Illinois State Employment Service.

Sweet Peppers

Sweet peppers may be either green or red. They change from a deep green to a red color as they become more mature. The hot peppers, either green or red, are used mostly in pickles and relishes. There is one thing about eating peppers, they are rich in vitamin C, the vitamin you need every day, and they also have liberal amounts of vitamin A.

A. T. H. S. Semester.....

Antioch High Defeats.....

(Continued from page 1)
27-24, 37-33, 46-42 with the Sequoits leading.

The Antioch Sophomores gained undisputed second place in the conference underclassmen standing in defeating Bensenville Sophs 45 to 29. Stahmer carried the burden the first half when the Sequoits found the going hard and trailed at the end of the half 16 to 19.

The defense stiffened and Baird broke loose in the final quarter to route the Bensenville Calves.

The varsity and the sophomores weren't the only Antioch teams

SALEM

Mr. and Mrs. Arthur Feldkamp left Tuesday for Texas. They intend to spend a month touring Texas and Florida.

Mrs. Charlotte Bloss returned Sunday from a ten days trip to New Orleans, Mississippi and other parts of interest. She accompanied her daughter and husband, Mr. and Mrs. Harold McSweeney, of Delavan.

Mr. and Mrs. Charles Peterson are the parents of a daughter, Linda Marie, born Jan. 26, at Burlington hospital.

Mr. and Mrs. David Elfers were called to Burlington Thursday due to the death of Mr. Elfers' sister, Mrs. Paul Voss.

Mr. and Mrs. George Biemer, Mr. and Mrs. Harry Olson left Monday for a month's vacation at Winter Gardens, Fla.

Mr. and Mrs. Milton Patrick, of Trevor, visited Mr. and Mrs. Byron Patrick Saturday evening.

Mrs. Nellie Head, Miss Olive Hope, Mrs. Ann Davis, Jennie and Josie Loescher were dinner guests of Mrs. Janet Fletcher.

Mrs. Janet Fletcher spent the weekend with relatives in Aurora. Mrs. Andrew Neilsen and sister, of Chicago spent Thursday and Friday with Mr. and Mrs. Maynard Hogan, of Woodstock.

Mrs. Lester Krahn entertained the W. S. C. S. at her home Thursday afternoon. Those present were Mrs. Cecil Ellyea, Mrs. Ann Howard, Mrs. John Evans, Mrs. Florence Hartnell, Mrs. Natalie Stroupe, Mrs. Lester Dix, Mrs. G. Nelson, Mrs. Lewis Barthel, Mrs. Birrell, Mrs. Arthur Bushing, Mrs. William Griffin, Mrs. Laura Miller, Mrs. Annie Minnis, Mrs. Minor Hartnell, Mrs. D. Hulso, Mrs. Byron Patrick, Mrs. H. Gitzlaff, Mrs. Robert Imrie. The next meeting will be at the church with potluck dinner at 1 o'clock.

Profitable Cows
A dairy cow that produces only 200 pounds of butterfat a year seldom makes a profit for her owner.

Coffee Cake
The dry ingredients for muffins, coffee cake, etc., may be mixed ahead of time and placed in any convenient covered container. Label and store. Then mix with liquid ingredients and bake as desired.

Ersatz Bread Crumbs
A good substitute for bread crumbs is crushed cereal flakes, such as rolled oats. This gives variety to baked dishes and also meets an emergency when bread crumbs are not on hand.

"TV people have to sleep well...

that's why I have an Electric Blanket!"

says Fran Allison

Star of Television's
"Kukla, Fran and Ollie"

"I have to sleep well every night to keep up with the Kuklapolitan Players... so I depend on my electric blanket for a comfortable eight hours. All I do is set the control for the temperature I want and the blanket automatically adjusts to the weather. I'm one of those 'cold-blooded' women who used to shiver even with six quilts over me, so I think it's wonderful that just one electric blanket keeps me so warm. I think I'll have to get electric blankets for Kukla and Ollie, too!"

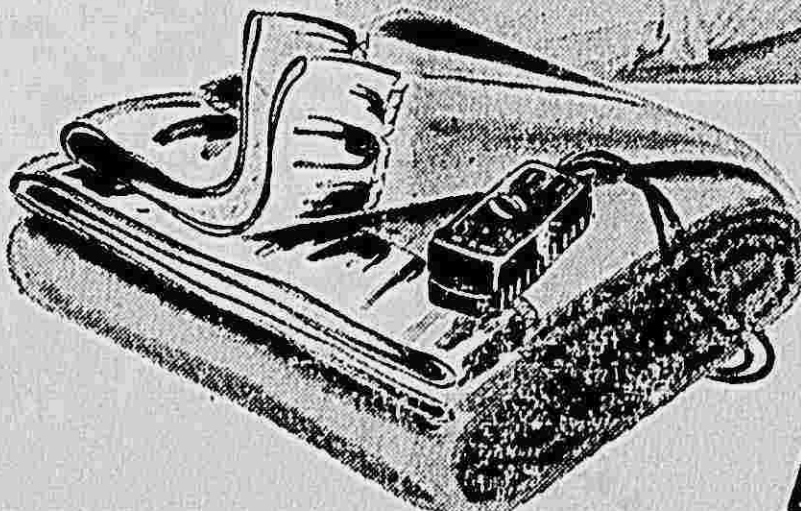

More than
3,000,000 people

CHILD CANONIZED

Half Million
At Ceremony

VATICAN CITY—For the first time in the nearly 2,000 year history of the Roman Catholic church, a mother has witnessed a child of hers canonized.

There were several other unusual incidents in connection with the canonization of Maria Goretti, who died at 11 defending her virtue.

The country girl who stabbed her to death in 1902 when she would not submit to him, now a penitent sinner of '68, was absent but was reported "in prayer more intense than ever."

Slayer in Seclusion

The slayer, Alessandro Serenelli, served 27 years in prison. Now he remains in seclusion as handyman and pig-tender at a Capuchin monastery, haunted by visions of his victim. She forgave him while dying from 14 stab wounds.

The ceremony was without precedent. Never before had a mother seen a child of hers canonized and never before had there been an open-air sanctification ceremony in Rome.

The ancient rite was carried out in St. Peter's Square because the Basilica, world's largest church, could not hold the great Holy Year throngs wanting to attend.

The Vatican radio put the attendance at 500,000 when Pope Pius, surrounded by Cardinals and Bishops, named the country girl to the honors of the altar, to be forever venerated.

Body Displayed

In a place of special honor near the Pope's throne sat the saint's 86-year-old mother, known as Mother Assunta. She wept and cried: "My daughter, my daughter—my little Marietta!" With her were two sons and two daughters. One of the sons, Angelo, lives in New Village, N. J.

The wax-preserved body of the saint herself was brought to Rome secretly from Ettum—near the Anzio Beach of World War II—where she died. The body was exposed in the Basilica of Saints John and Paul for veneration.

In the throng witnessing the ceremony were pilgrims from France, Spain, Belgium, The Netherlands, the United States, Switzerland and Germany. The largest part of the crowd consisted of boys and girls of Italian Catholic Action from almost every parish in the country.

As the Pope pronounced sainthood, the bronze bells of St. Peter's and Rome's nearly 500 other churches rang out.

At the same time a damask drape was dropped from the balcony revealing a painted image of the saint. The ceremony was brought to an end with the Pope's apostolic benediction.

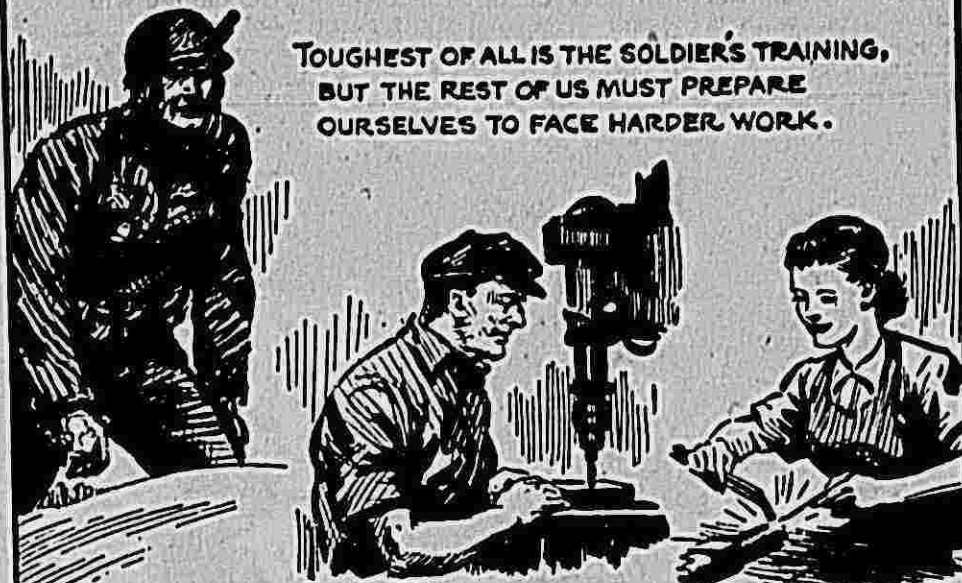

Tool Steals

"Rapid cutting" tool steels, which made possible modern machine shop practice, were publicly exhibited for the first time by Messrs. Taylor and White at the Paris exposition.

OUR DEMOCRACY—by Mat

TOUGH ALL OVER

WE ARE ALL IN BASIC TRAINING FOR A TOUGH JOB

TOUGHEST OF ALL IS THE SOLDIER'S TRAINING, BUT THE REST OF US MUST PREPARE OURSELVES TO FACE HARDER WORK.

TOUGHER TAXES TOWARD PAY-AS-YOU-GO, THE AUSTRITY OF SPENDING LESS AND SAVING MORE, OF LIVING WITH CREDIT CURBS AND EMERGENCY CONTROLS—THE STERN NEED FOR GOVERNMENTAL ECONOMY IN NON-MILITARY EXPENDITURES.

IT IS A TIME WHEN ALL GOOD CITIZENS MUST TRAIN THEMSELVES TO USE THEIR RESOLUTION, ENDURANCE AND STRENGTH IN PROVING THAT THE FIBRE OF THE AMERICAN PEOPLE IS, AS IT ALWAYS HAS BEEN, TOUGH ENOUGH FOR THE TASK.

Apples that Heal

Children afflicted with stomach disorders such as diarrhea have been cured with raw apple or apple are peeled, cored, and grated into powder. Apples—mellow apples—apple pulp. It takes three to 12 apples of medium size daily. Apple pulp, plus weak tea, is given for two days, as much as the child will take. Tests were made at the West Virginia agricultural experiment station.

Fastening Corsets

If you wear a shoulderless formal at a holiday party, you can secure your Christmas corsage to your bare shoulder with cellophane tape. It can be fastened to the wrist the same way.

Be On Safe Side

In order to prevent the entrance of moisture that may cause expensive damage to your home, be sure to caulk window frames and install flashing at the top to prevent rain from entering.

Aleutian Islands

In spite of severe and frequent williwaws (storms) in the Aleutian islands, the North Pacific chain enjoys moderate and fairly uniform temperatures, averaging around 33 degrees in winter, 50 degrees in summer.

Cervical Cancer

Less than six per cent of all women with cervical cancer in 1906 could have hoped to survive five years. By 1942, 37 per cent of all women with cancer of the cervix were alive and disease free five years after treatment. For 1950, the survival rate probably will exceed 50 per cent, and in the best centers using the most reliable techniques, this percentage may be as high as 80.

YOU MAY
BE DEAF!
Test Yourself!

Although only a specialist can scientifically determine the type and amount of hearing loss, answering the following questions may give you a clue as to whether your hearing is up to normal.

Write
Yes or No

- Do you find people seem to be "mumbling" or slurring their words when they talk to you?
- Do you hear better in noisy places than in quieter ones?
- Are you bothered by head noises or "ringing" in the ears?
- Do harsh loud noises seem actually painful?
- Do you find that, at one moment, you cannot hear someone speaking to you and, at the next, they seem to be shouting?
- Can you hear the sound of a voice but find it difficult or impossible to understand what is being said?
- Do you seem to hear better with one ear than the other?
- When a group of people are talking, do you seem to have trouble hearing?
- Do you have trouble hearing when going to church, listening to the radio, television, or when seeing a movie . . . do you have trouble hearing your children, grandchildren?

If your answer to any one of the above questions is "Yes," you may have a hearing loss. If your answer is yes to more than one question, your hearing is probably impaired. In either case, you should send for the FREE book "New Discoveries to Help the Deaf Hear" or see your local Beltone Hearing Service Consultant at

You can pay more . . .
but you can't buy better

. . . than the '51 Ford
with new FORDOMATIC® DRIVE
and 43 "Look Ahead" features

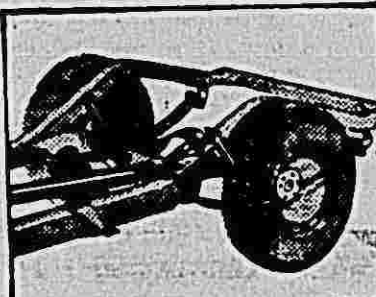

Built with an eye to the future, this '51 Ford is the buy for the future . . . with 43 new "Look Ahead" features that will keep it looking, acting, and feeling young for years ahead. A few of those long-life features are explained at right.

Come in for
a "TEST DRIVE"

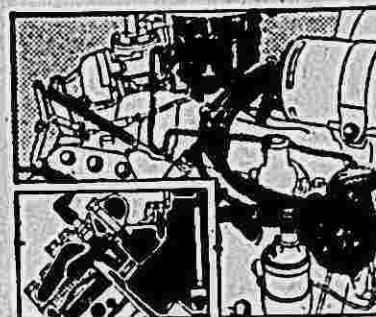

FORDOMATIC DRIVE

- The newest automatic drive
- The smoothest and most flexible
- Cuts 92% of your driving motion
- Takes off "like a jet"
- You're always back

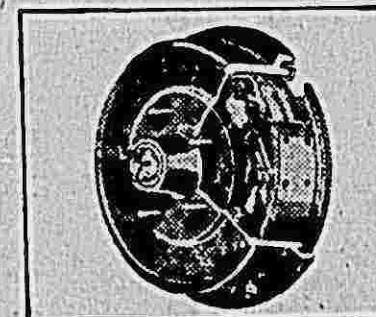

AUTOMATIC RIDE CONTROL

It automatically irons out the bumps with Ford's new Variable-Rate Rear Spring Suspension, new "Viscous Control" Shock Absorbers, and Advanced "Hydra-Coil" Front Springs.

AUTOMATIC MILEAGE MAKER

It's a magic brain that gives you high compression performance with regular gas, better mileage with any gas. New Waterproof Ignition System.

NEW DOUBLE-SEAL KING-SIZE BRAKES

A touch of your toe, and you stop straight and sure. They're double sealed against the weather to prevent moisture-binding, too.

NEW AUTOMATIC POSTURE CONTROL

Front seat moves forward automatically at the touch of a lever. At the same time height and angle are adjusted for correct posture.

NEW "HANG-UP" OPEN UP

Just turn the key and the rear deck springs open. No effort required to lift it or close it. And for space, no other low-priced car can match Ford's deep-deck luggage locker.

SHORT STORY

Tricky Darlings

By Richard H. Wilkinson

JOHN Carlton would never go so far as to say his daughter, Jane, was stubborn. He chose to call it an independent spirit, a desire to lead her own life, make her own way in the world.

Actually Jane was a duplicate of old John in character and disposition. Old John recognized the resemblance.

Knowing Jane as he did, and loving her as he did, gave Old John a decided advantage. He knew what methods to employ when he wanted her to do something.

Jane was beautiful. She attracted men, lots of them.

Old John frowned on Jane's reckless regard for love. He frowned on the young men who paid her court. All but one, it seemed to him, were worthless.

The one, Phil Scot by name, a son of Old John's closest friend, appeared to possess the requisites of a good husband. In the first place he had a job. Secondly, he worked hard and had ambition to do big things. Thirdly, his attentions toward Jane were honorable and sincere.

Old John was too wise to suggest to Jane that she consider Phil Scot as a possible husband. Despite the fact that he knew that Jane did not regard Phil with disfavor, he knew, also, that the moment she became aware of her father's prejudice poor Phil wouldn't stand a chance.

"Look here, Jane," he said one day, "I notice you've been seeing that young Scot fellow a good deal lately. I absolutely wouldn't stand for his type as a son-in-law."

Jane's surprise gave way to anger. "Phil Scot," she said defiantly, "is a darling. Of all the boys I know Phil stands head and shoulders above the rest. And," she added, "you'd better like it because he's the man I'm going to marry."

Old John scowled. "He'll never be a son-in-law of mine. So you'd better begin forgetting him now."

An hour later Albert J. Scot, young Phil's father, completed a telephone conversation with his oldest and closest friend, John Carlton, and summoned his son.

"Phil," he began, frowning deeply, "it seems to me you've been paying a good deal of attention to that Carlton girl lately. I want it stopped! Understand! She's nothing but a flirt and a social butterfly."

Phil was aghast. "But, Dad, she's the daughter of your oldest friend! I thought... that is... well, you see I like Jane a lot. I was in hopes..."

"Well, cease hoping," Scot senior cut in.

A WEEK LATER Old John and Albert Scot were sipping drinks and exchanging congenialities on the veranda of the former's home. A car stopped out front and two young people came up the walk.

Jane was beautiful. She attracted men, lots of them. She was, in fact, a bit reckless about it all, and refused flatly to take the matter seriously.

The two young people stopped and smiled pleasantly.

Jane Carlton said: "I'm sorry to disappoint you, father, but John and I are married. We love each other, and, despite the fact that neither you nor Mr. Scot approves of the match, we're going to live our lives as we see fit."

"And," said Phil Scot defiantly, "if you don't like it, you can lump it."

Old John and Albert T. Scot exchanged glances. They laughed. They slapped each other on the back and roared with delight.

Jane and Phil looked on in bewilderment. After awhile Old John wiped his eyes and explained the conspiracy the pair had concocted.

Jane looked at Phil and Phil looked at Jane and Jane said:

"How clever. You won't mind, then, when we tell you we've been married for two months! We've kept it secret till Phil got a raise in pay. He got it today and tomorrow we're leaving on our honeymoon. You two can sit here and think up ways and means of running our lives when we get back."

HEALTH HINTS for LIVESTOCK

PREPARED BY AMERICAN FOUNDATION FOR ANIMAL HEALTH

REPORTING CURBS TOLL OF DISEASE

The modern viewpoint is that it is no disgrace to have animals or poultry flocks sickened with some infectious or contagious disease.

It is both wrong and dangerous

Prompt notification is vital if disease strikes.

tagious disease, once it is known to for a farmer not to report a con-

Hanging Garments
To retain shape and avoid wrinkles, put each garment on a separate hanger. Hangers covered with a rough fabric, such as velveteen, will keep clothes from slipping.

exist. Such reports should first be given to the nearest veterinarian.

After the nature of the disease has been confirmed, immediate neighbors should be notified. Quick detection at such an initial focus may avoid community-wide losses costing thousands of dollars.

Some of the most dangerous livestock and poultry contagions are hog cholera, anthrax, foot-and-mouth disease and Newcastle disease of fowls.

If foot-and-mouth disease, for example, were to break out in the United States again as it did some years ago, quick reporting of sick cattle would be more essential now than ever before in stamping it out.

Swift transportation—airplanes, cars and trailers—could spread the virus to all parts of the nation in a short time if outbreaks were not reported immediately.

Another community obligation is to be sure that carcasses of all animals dead from a contagious disease are disposed of by rendering, burning or deep burial.

Flavoring Applesauce
A small quantity of lemon juice or a dash of cinnamon or nutmeg will help the flavor of applesauce. But remember—too much flavor of any kind will hide the flavor of the apple.

Rayon Sharkskin

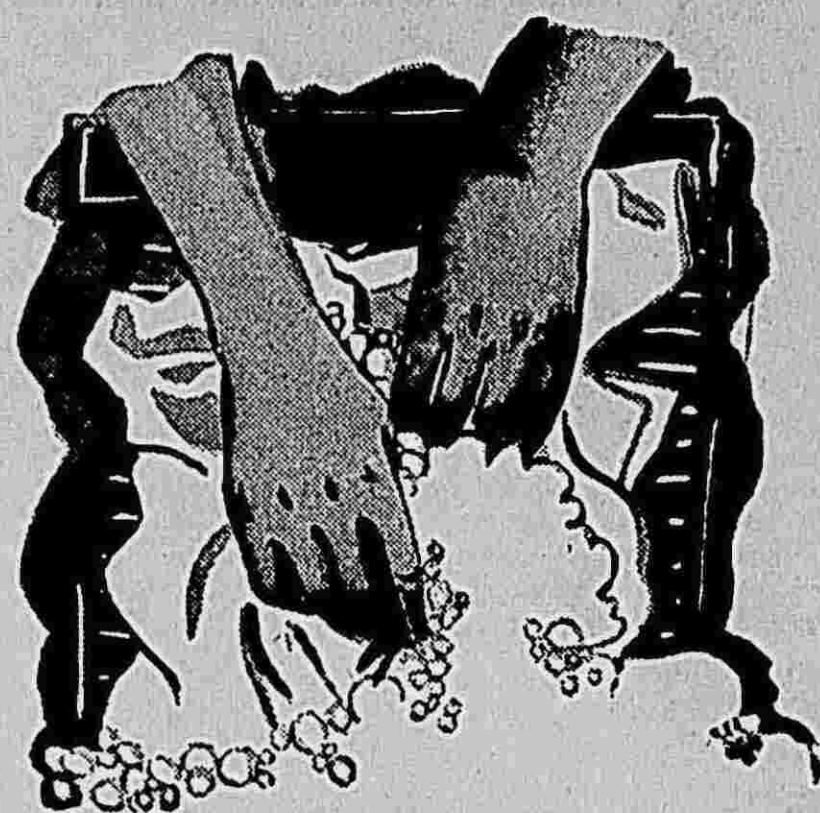

These crisp fabrics usually contain acetate rayon. For good results iron while noticeably damp. Iron slowly to dry out the fabric as you iron. Watch the temperature of your iron or ironer carefully. Iron with a warm iron or ironer.

Concealing Nailheads

The showing of nailheads through a thin coat of plaster is not due to accumulation of dust on the walls, as often supposed, but to rust forming on the nailheads. Touching up these spots with shellac will prevent the formation of such rust, and keep the nailheads concealed.

Locomotive in U.S.

At the beginning of 1949, there were 44,474 locomotives in the United States, of which 34,581 were operated by steam, 887 by electricity, 38 by gasoline, and 8,081 by Diesel-electric power. Seven were of other types.

Pfc. Eugene Jerde returned Monday to Turner Air Force base, Al-

bany, Ga., after seven day leave with his parents, Mr. and Mrs. Martin Jerde.

Mr. and Mrs. Dan McCallum and family spent Sunday evening with Mr. and Mrs. Frank Reynolds, Bassett.

Mr. and Mrs. Estes Varner, Grayslake, spent Saturday evening with Mr. and Mrs. Dan McCallum. Mr. and Mrs. Paul Brinkman, Silver Nails Corners, Anna Hasselman, Fox River, Wilbur, Jr., and Terry Pollack, Beloit, Stephen Young, Antioch, were Sunday dinner guests at the George Hasselman home.

Frosted Grain
The feeding value of frosted grain is about in proportion to the test weight of the grain.

Sweet Potatoes
Sweet potatoes are a nutritious vegetable which can be served in a variety of ways, such as fried with apples or combined with ham.

Lesson From Earth

There is no reason for any part of the home to remain dull and uninteresting. No place on earth is too remote or too barren for nature to give it color. The siennas and umbers with which paints are tinted come from the earth itself. Some of the loveliest, softest shades for walls and woodwork are borrowed from sagebrush, the desert sand, and the gray of lava. Even ore contains rich purples and reds.

Spectacle-Making

In the early day of spectacle-making, inmates of jails and children of garrison soldiers were put to work grinding lenses, in an effort to turn out a cheaper product. Nowadays only highly trained artisans are allowed to fashion the lenses used in scientifically correct American spectacles, and yet their cost is much lower than in bygone centuries.

Long-term Investment that pays daily dividends

THESE days thoughtful people turn their minds to the durability of things they purchase.

But it's rare when doing your duty turns out to be the best way to satisfy your heart's desire.

That's what's so marvelous about this '51 Buick.

If you picked a car just for the lift it gives you—your pride in its power—or its generous comfort—you couldn't make a better choice.

But make note of this:

That gleaming new push-bar forefront, which greets your eye with flashing beauty, contains 25 grille bars made of stamped steel, individually mounted to "give" and come back unharmed. Combined with a massive, wrap-around bumper, fortified by two stalwart "bumper bombs" and two added uprights, it gives unsurpassed protection.

Springs of stout spiraled steel on all four wheels let your wheels curtsy over bumps, while you ride level as a lance. But they also need no servicing, and breakage is virtually unknown.

Buick's great-powered engine is a Fireball, wondrously lively and eager at the mere touch of your toe—but it also wrings extra power from every drop of fuel, and has the mechanical perfection

that comes only from years of experience with this basic design.

Dynaflow Drive gives you effortless smoothness of control—but it also eliminates clutch repair bills, saves tires, eases strain on the whole driving mechanism, from engine to differential.

The road-steady gait of a Buick assures relaxed security—and is also evidence that you have a durable, deep-silled, X-braced frame beneath you. However you check it, you'll discover this: *The things that make you yearn for a Buick on first acquaintance, are the very same things that make Buick such a smart long-time buy.*

Better see your Buick dealer—soon.

Standard equipment, accessories and trim illustrated are subject to change without notice.

No other car provides all this:

DYNAFLOW DRIVE* • FIREBALL POWER
4-WHEEL COIL SPRINGING • DUAL VENTILATION
PUSH-BAR FOREFRONT • TORQUE-TUBE DRIVE
WHITE-GLOW INSTRUMENTS • DREAMLINE STYLING
BODY BY FISHER

*Standard on Roadmaster, optional at extra cost on other Series
WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM

Nothing Better Than Good Food, Says Ohio Man

If a man isn't able to eat the foods he likes he's in mighty sorry shape—imagine going through life without being able to enjoy a fine big platter of bacon and eggs. That is the way Joseph N. Damillot, 3414 E. 5th Street, Dayton, Ohio, used to be, but since he has been taking HADACOL, he says he feels just fine and is able to enjoy lots and lots of fine foods. Mr. Damillot found that taking HADACOL helped his system overcome a deficiency of Vitamins B₁, B₂, Niacin and Iron.

Here is Mr. Damillot's statement: "My first bottle of HADACOL convinced me that HADACOL was what I needed for the gas on my stomach at night. I could not keep food on my stomach, but after the first bottle I was going great. Now I eat bacon and eggs, and other foods that never would stay with me. I also can sleep well at night. Thanks to HADACOL, I will never be without it, and can recommend it to all who suffer with the above ailments that I had. I know because I have suffered for quite some time."

© 1950, The Lablanc Corporation

FEED—30 tons mixed hay, baled; 8 ton of oat straw, baled; 18 ft. silage in 16 ft. silo; 1000 bu. ear corn in crib; 1000 bu. Clinton oats; 150 bu. Ajax oats, good for seed; 37 bu. Haskins soybean seed.

Methodists Begin

(Continued from page 1)

approved. Recently the Rock River Conference committee on church buildings gave unanimous approval to the plans which gives the green light for building as soon as sufficient funds are raised. Despite material shortages it has been indicated that wherever a need exists materials can be secured for building.

To Use Basement Sunday

The Primary and Beginners Departments of the Methodist Church school will return to improved quarters in the basement of the church this Sunday. Work on the new concrete floor has been completed by the contractor, Arthur Laursen, and the men of the church were readying the basement for use this Sunday. For the past two weeks the young people have been meeting in the Masonic hall. The official board has also given its approval for redecorating the basement as soon as arrangements can be made.

Deputy Valenta Ill
Deputy Sheriff Frank Valenta of Ingleside, is recovering from a heart attack suffered last weekend. The Fox Lake emergency squad administered oxygen to the 57-year-old officer in reviving him. He suffered his first attack a year ago.

Customers' Corner

Many customers have told us how impressed they are with the high caliber employees they meet in their A&P.

The reason so many high-type men and women are daily seeking jobs with A&P is simple:

A&P is a good place to work. It has always been A&P policy to give employees good wages, hours, working conditions, vacations, pensions and other benefits.

We are proud of the employees who have done such a good job for our customers in the past; and we welcome applications from men and women who want to join us in serving the public even better in the future.

You will be rendering a real service to our present and future employees by giving them your suggestions for making A&P a better place to shop. Please write:
